

This is what it's all for...

From our Principal – Meaghan Rodgers: “This year’s fete is very quickly approaching and, with thanks to our many volunteers, is looking to be a fantastic day out for everyone. With a new Junior playground already ordered, the P&C are looking to the fete to raise the significant funds required to pay for the project.

Below are the final plans for the new playground. It is hoped the playground will be installed and ready for use by the school and the Jindalee School Aged Care Program by mid-Term 4 this year.

Finally, after the playground installation, work can commence to improve the school frontage from the administration building to the bottom single pedestrian gate on Burrendah Rd.

First thing's first though, we need all the support we can muster to make this year’s fete the most successful yet. Support from all of you through the three pre-fete fundraisers has been fantastic.”
